

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

14. No more children shall be admitted daily than are allowed by the permit of the board of health.

Failure to observe these rules may result in the revocation of the permit.

**Bichloride of Mercury—Each Tablet Required to be Wrapped and Labeled. (Reg. Bd. of H., Dec. 9, 1913.)**

*Resolved*, That the Sanitary Code be and the same is hereby amended by the adoption of an additional section to be known as section 67(a) to take effect March 1, 1914, and to read as follows:

SEC. 67a. Bichloride of mercury, otherwise known as corrosive sublimate, shall not be held, kept, sold, or offered for sale at retail in the dry form except in colored tablets individually wrapped, the wrapper to have the word "Poison" in plain letters conspicuously placed, and dispensed in sealed containers of glass, conspicuously labeled with the word "Poison" in red letters.

This section does not apply to tablets containing one-tenth of a grain or less of bichloride of mercury.

**Midwives—Qualifications of Applicants. (Reg. Bd. of H., Oct. 14, 1913.)**

*Resolved*, That the rules governing the practice of midwifery in the city of New York adopted by the board of health November 8, 1907, be and the same hereby are amended so as to read as follows; the same to take effect on and after the 1st day of January, 1914:

RULE 3. The applicant must be 21 years of age or upward, of good moral character, and able to read and write. She must be clean and constantly show evidence in general appearance of habits of cleanliness.

The applicant must also present a diploma or certificate showing that she is a graduate of a school for midwives registered by the board of health of the city of New York as maintaining a satisfactory standard of preparation, instruction, and course of study, but the requirement of a diploma shall not apply to any person who is now or heretofore has been authorized to practice midwifery by the said board.
